

TIRE SHOP PROGRAM

A TIRE PROGRAM DESIGNED TO MAKE IT 'QUICK ON THE CORNER'

Every bay is an investment and every customer is a profit opportunity, so it's important to maximize on both. From fast parts delivery to efficient installation software, we've designed our tire shop program to keep your business and customers rolling.

GET PARTS ON THE FLY

Our comprehensive parts availability and industry-leading coverage, along with our On Demand Delivery in 30 minutes or less allows you to keep your bays turning and customers rolling.

DELIVER FAST, EFFICIENT INSTALLATIONS

We offer software solutions like ALLDATA, with diagnostic tools to make your repairs quick and accurate, plus OE Spec brands like Duralast parts for efficient and reliable repairs.

SPEED UP PROFITS

Leverage free tools like our customizable inspection sheets to help increase average repair orders. Protect margins with special pricing, promotions and bulk discounts, and drive traffic to your shop through our Shop Referral Listing exposed to over 9 million weekly customers.

PLUS PROGRAMS THAT DRIVE YOUR SUCCESS!

OUR TRAINING PARTNERS:

INVEST IN YOUR BUSINESS BY INVESTING IN YOUR PEOPLE!

FASTER REPAIRS AND RELIABLE ACCURACY WITH ALLDATA

The ALLDATA Portfolio can help you repair vehicles faster and more accurately – ultimately turning bays with satisfied customers and increased loyalty.

Do the Job Right using OEM Repair Information with ALLDATA Repair

ALLDATA Repair delivers the industry's most up-to-date source of unedited OEM diagnosis, repair, and maintenance information.

ALLDATA Repair includes unlimited access to ALLDATA Community – a diagnostic Q&A forum where you can access verified repairs, diagnostic bulletins, and millions of probable causes.

Turn Bays Faster with ALLDATA Mobile

Save time and bring the power of ALLDATA Repair directly to the vehicle with a compatible tablet and OBDII connection device!

- View recalls and trouble codes on vehicles you service
- Decode the VIN, view and clear P-codes, view live sensor data
- Quickly move from an identified DTC to the relevant testing procedures

Increase the Repairs your Shop Can Do with ALLDATA Tech-Assist

Take advantage of technical support from a highly skilled diagnostic team of ASE Certified Master Technicians.

- Get help from an ASE Master Tech on difficult repairs and reduce diagnostic time
- Unlimited cases per month when you verify what worked
- Use the free Rescue Lens app to live stream a video of the problem!

Find the Tires you Need Faster with ALLDATA Manage Online

Access shop management tools anytime, anywhere to create quotes and invoices, order parts, track repairs, and communicate via text or email with customers directly from the work order.

Now with American Tire Distributors (ATD) Catalog Integration!
